REMARKS:

SUBJECT: Establishment of Liaison

1. It is recommended that a suitable CIG policy be developed and published to regulate the establishment of liaison between operating offices of CIG and the departments and agencies with which they will deal. The policy should be distributed for the information of the departments and agencies as well as for internal information of CIG. It should list, for the information of the departments and agencies, the names and principal functions of CIG offices which may from time to time initiate liaison.

2. In view of the large volume of liaison that will be necessary, it is desirable that authority to initiate liaison be vested in Chiefs at least as far down as Branch Chiefs subordinate to Assistant Directors. Once such a Branch Chief has initiated liaison with an office in a department or agency, he should thereafter be empowered to authorize his own subordinates to continue the liaison, subject to his supervision.

3. Development and coordination of the above appears to properly fall within the functions of ICAPS and is therefore submitted for consideration.
